

# SELF SERVICE KIOSKS

Adilam has a comprehensive range of Self Check Kiosks to suit any library's needs. From a compact desktop version, to a fully featured standalone kiosk with auto height adjustment, integrated NFC reader and smart card scanner. Implementation is straightforward as they only need to plug in to a power point and LAN point onsite. For the truly budget conscious we can even retrofit to your own furniture if required.

### Main features:

- Check-out, check-in, renewal
- CD/DVD unlocking
- Barcode scanner
- 80mm receipt printing
- Print, Email, and SMS receipts
- Portrait or landscape depending on model
- Patron account enquiry
- Promotional banners
- Patron preferences remembered
- Optional payment terminal
- Integrated pinpad
- HF or UHF RFID

Adilam can customise hardware and we work closely with libraries, builders, and architects to ensure our solutions are designed specifically for your environment. Arcus kiosks can always include unique features designed for your needs including payments, AV unlocking, pull out keyboards, integrated PIN pads, return bins, and sort shelves.

Our kiosks range from models designs specifically for kids, large height adjusting kiosks, potrait and landscape touch screen monitors, activated lighting options, and custom skins designed by your graphic artist.
